Divide your group into pairs or triples and give each group a copy of the attached photocopy.

Read out a letter, and people have to quickly write down something that matches each category. For example, the letter M

- TV Show = Mash
- Singer = Madonna
- Food = Mashed Potatoes
- Animal = Monkey
- Colour = Mauve
- Place = Melbourne
- Type of car = Mitsubishi Magna
- Sport = Marbles
- Famous person = Michael Jordan

Choose a different letter for each round.

A team receives a point if they have an answer that no-one else has. Teams may receive multiple points for answers that contain the letter more than once but it not simply an adjective. For example, Mickey Mouse would receive 2 points but mauve Mazda would not.

The team with the most points after 3 rounds wins.
